LEVITON®

Automated Home Lighting Made Easy.

Available in:

Z-WAVE PLUS · Works with Apple HomeKit · Wi-Fi™

The Leader in Smart Home Lighting

Home automation allows you to control devices from your smartphone or tablet – sometimes through a hub with an internet connection and sometimes directly through an app.

Leviton offers homeowners an exciting selection of automated dimmers, switches, outlets and plug-in products for automated control of lights, motor loads, appliances and more.

All products universally support LED, CFL, incandescent and halogen bulbs, as well as coordinate with our popular line of Decora devices.

The products are backed with an impressive warranty and feature the latest technology with scheduling, full range dimming and adjustable fade rates.

Visit www.leviton.com/decorasmart to learn more.

Common Features and Benefits

Easy to retrofit in existing residential applications.

- Choose from 6 color options

- Single and multi-gang screwless wallplates are available for a clean installation

- Three-Way Devices for all technologies:
  - Multi-location (3-way) dimming is achieved using up to 4 remote units, DD00R-DLZ.
  - Multi-location (3-way) switching is achieved using DD0SR-1Z coordinating remote (no LED indicator) or
  - DD0SR-DLZ matching remote (with LED indicator).

Leviton can help you choose the technology:

- *Is the installation Residential or Commercial?* **If Commercial -> Lumina RF**
- *Will you be attaching lighting controls to an automation hub or security system?* **Yes -> Z-Wave**
- *Want to use Siri® or the Apple Home app?* **Yes -> HomeKit**
- *Amazon Alexa/Google Assistant/Android enthusiast and all remaining smart lighting control applications?* **Yes -> Wi-Fi**

decora smart™

Z-Wave® Technology

Schedule or dim lights when home or away using a compatible Z-Wave controller

- Z-Wave is the most widely used home automation technology with the largest range of interoperable devices

- Compatible with Z-Wave controllers including Wink HUB, Samsung SmartThings and smart security systems

- Can also be used with Amazon Alexa or Google Home with compatible hub

- Z-Wave Plus certified products feature two-way feedback, network wide inclusion, over the air updates and increased communication range
