

ID-CLP-1 Zip Tie Clip

Clean organization of the wires in your installation shows that you care about the quality and life span of your job, plus increases reliability.

Our new Clips allow you to zip tie your wires within the ID-IWB-1 and ID-IWB-2 enclosures easily and efficiently, no more fishing wire ties through the breadboard. When you need to make a change, simply unclip and move your entire wire bundle.

- NOT FOR MOUNTING EQUIPMENT, No weight rating, Wire organization only
