

Supporting your digital lifestyle
www.kantoliving.com

Company

Kanto is an exciting lifestyle brand with a variety of products designed to support our customers' digital lifestyles. We manufacture audio visual mounting solutions, high-quality bookshelf and digital media systems, home entertainment furniture, and a variety of audio, video and computer cables and accessories.

HOW DID WE GET STARTED?

Kanto was founded in January of 2007. Many years of experience designing and manufacturing OEM products for large consumer electronics companies gave us the passion and understanding needed to create the Kanto brand. Today, that knowledge and passion, combined with our team of dedicated engineers, designers, brand managers, sales and support staff, is the driving force behind our success.

WHAT SETS US APART AS A MANUFACTURER?

Our approach to product development has always placed the highest priority on quality. We take pride in everything we design and spend the time to properly develop each product we release to the market. We now manufacture products in several categories, ensuring the best possible experience for our customers' audio and video needs. To complement our product lines, we develop instructional and marketing materials to help in the support and sales of our products. Our marketing team is dedicated to providing up-to-date product manuals, spec sheets, installation videos and technical drawings for commercial installs. These tools not only provide a visual reference to our end-consumers, but also provide our retail and distribution partners with the tools they need to effectively represent our products. We take a very active approach when it comes to establishing relationships with our customers and to ensuring their product needs are cared for.

WHAT MAKES OUR CUSTOMER SERVICE GREAT?

Where most companies only promise superior customer service, we deliver it. Our mission statement is:

“Create a product and customer experience that sets us apart as a consumer electronics manufacturer, one that reflects favorably upon the integrity and reputation of our retail and distribution partners.”

Because of this, Kanto has much higher than normal standards when it comes to customer service and support. We stand by our products and are determined to ensure complete satisfaction throughout all our channels and end-users.

WHAT ABOUT OUR STAFF?

Each and every member of the Kanto team represents a consumer. None of us would be satisfied building and selling a product that we ourselves wouldn't enjoy in our own home. Every member of our organization plays a vital role in the development and success of our company. Kanto has a team of staff members with years of experience in customer service, sales, product development, engineering and marketing. Entrepreneurs at heart, every one of us is passionate about what we do, who we are, and where we're going.

Entertainment from all angles

MOUNTS

Kanto provides a wide selection of mounts for residential and commercial installations. Our most popular products include mounting solutions for TVs, projectors, desktop monitors and multimedia components. We listen to customer feedback and integrate it into our evolving line of mounts so that you can find the exact mount to fit your needs.

TILTING SINGLE STUD MOUNTS

L100

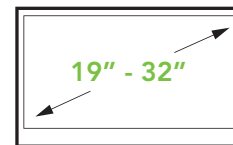

Back to Basics.

If you have a smaller TV and want a basic and reliable mounting solution, then we had you in mind when designing the L100.

A no frills mount, the L100 comes pre-assembled, is easy to install and offers generous tilt (with modest swivel) capabilities.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 19" to 32"
- Supports TVs up to 56 lbs (25 kg)
- Accommodates VESA sizes: 50x50, 75x75, 100x100, 200x100, 200x200, 100x200
- Accessible tilt mechanism provides a $\pm 12^\circ$ tilt angle
- Swivels 30° left and right
- Sits 3" (7.6cm) from the wall
- Single stud wall plate
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood studs and concrete installation is included
- Two Year Warranty
- Shipping box weight: 2.7 lbs (1.2 kg)
- Shipping box dimensions: 9.8" x 9.3" x 2.3" (25 x 23.5 x 5.8 cm)
- Product weight: 2.2 lbs (1 kg)
- UPC: 800152712130

A VARIETY OF VESA PATTERNS

The L100 is designed for smaller TVs with specific VESA patterns, including 50x50, 75x75, 100x100, 200x100, 200x200, and 100x200.

24 DEGREES OF TILT

The L100 features a tilt mechanism that is easily accessible and uses an adjustment knob that requires no tools. Tip your TV forward or backward up to 12°, and you can quickly tighten the head in place at your desired viewing angle. Maximum tilt is available when your TV is not swiveled left or right.

30 DEGREES OF SWIVEL

The L100 is able to swivel left or right up to 30° when your TV is vertical. When tilted, the swivel angle is reduced because your TV may touch the wall. Combine some tilt and some swivel to adjust your viewing angle.

EASY INSTALLATION

As a basic mount, the L100 is easy to install even for beginners. To make things simple, we provide an easy to follow manual and the mounting hardware needed for wood studs and concrete installations. Phone support and an online video are available to help with installation as well.

TECHNICAL ILLUSTRATIONS

TILTING SINGLE STUD MOUNTS

PS100

Basic, but bigger.

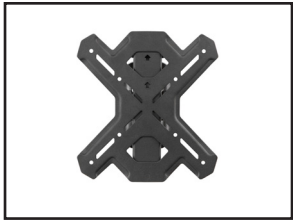

The PS100 is a single stud tilting mount designed to mount most flat panel TVs from 26" to 50". It will hold TVs weighing up to 66 pounds, and provide modest tilt or swivel capabilities to provide you with a range of viewing positions.

Solid steel construction, attractive detailing and a durable powder coated finish make this mount a great addition to your home or office.

FEATURES & SPECIFICATIONS

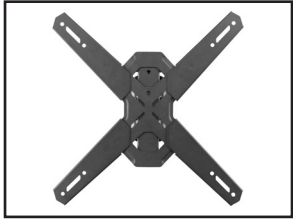

- Fits most flat panel TVs from 26" to 50"
- Supports TVs up to 66 lbs (30 kg)
- Accommodates VESA sizes: 75x75, 100x100, 200x200, 300x300, 400x400
- Accessible tilt mechanism provides a +15° tilt angle, with vertical snap lock
- When vertical, swivels left and right up to 15°
- Sits 3" (7.8 cm) from the wall
- Adjustable horizontal leveling
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood studs and concrete installation is included
- 2 Year Warranty
- Shipping box weight: 8.8 lbs (4 kg)
- Shipping box dimensions: 13.8" x 11.2" x 3.4" (35 x 28.5 x 8.7 cm)
- Product weight: 5.5 lbs (2.5 kg)
- UPC: 800152714387

A VARIETY OF VESA PATTERNS

The PS100 is designed for smaller TVs with specific VESA patterns, including 75x75, 100x100, 200x100 and 200x200.

VESA SIZES TO 400x400

For larger VESA mounting patterns such as 300x300 and 400x400, attach the four extension arms using the supplied Nylock nuts.

TILT MECHANISM

The PS100's fingertip tilt control allows you to tilt your TV forward up to 15°. Adjust the tilt to reduce glare and find the best viewing angle. You can tighten the nuts to lock the tilt angle in place. The tilt head will automatically click into place when the TV is vertical.

MAGNETIC COVERS

Magnetic covers fasten easily to the wall plate to give you a clean, modern look.

COLORFUL GIFT BOX

The PS100 is packaged in a gift box accented with Kanto's vibrant green.

EVERYTHING YOU NEED

Because every installation is unique, PS100's are packaged with all the lag bolts, anchors, mounting bolts, washers and spacers that you could need to install your mount. Our mounts come with clear instruction manuals in order to simplify your installation and customer support is only a phone call away.

TILTING SINGLE STUD MOUNTS

KT1937

Tilt your TV in your favor with the KT1937.

Even a fraction of an inch can mean the difference between a crystal clear screen and a distracting reflection. Why have HDTV and Blu-ray if you can't see your TV at the right angle?

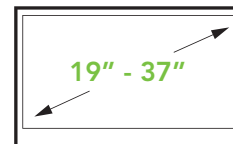

For changing lighting conditions and the perfectionist at heart, the KT1937 is the mount that remedies the 'tilt challenge.'

Even with its heavy duty tilting arms, it still allows your TV to sit 1.5 inches from the wall when vertical, giving your space a polished look.

With quick release cords, you can quickly remove the TV from the wall to easily access your connections.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 19" to 37"
- Supports TVs up to 40 lbs (18 kg)
- Accommodates VESA sizes from 50x50 to 200x200
- Accessible tilt mechanism provides a +15° angle
- Sits 1.5" (3.8 cm) from the wall
- 12" (30.5 cm) single stud wall plate
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 3.5 lbs (1.6 kg)
- Shipping box dimensions: 14" x 4.9" x 2.8" (35.5 x 12.5 x 7 cm)
- Product weight: 2.9 lbs (1.3 kg)
- UPC: 800152712765

FITS VESA SIZES UP TO 200x200

The KT1937 is compatible with a range of VESA patterns from 50x50 up to 200x200.

15 DEGREES OF TILT

Effortless fingertip control allows you to tilt your TV forward up to 15° to find the ideal viewing angle for your room. Tighten the tilt nuts to secure your preferred viewing angle. You can just as easily push your TV flat within 1.5" of the wall to give it a nice, sleek profile. The tilt arms click into place when the TV is vertical.

QUICK RELEASE TABS

Once the arms are mounted to your TV, adjust the length of the quick release tabs. Always within reach, the quick release tabs extend below the mount and offer a quick and easy way to detach your TV from the mount and remove it from the wall. This also makes it easy to install or remove cables at the back of your TV.

VERSATILE WALL PLATE

We designed the KT1937 with versatility for mounting on surfaces with unique stud spacing. Mounting in the center is, of course, ideal. If this is not the right fit, shift the 12" wall plate left or right and secure one end of your mount to a stud, and the other end using drywall anchors (not supplied).

ATTRACTIVE END CAPS

Now you can have style and function with smooth, polished end caps that cover the ends of your mount and give you a clean, modern look.

EVERYTHING YOU NEED

Everything you need to complete your installation is included. Washers, spacers, bolts, and manuals are neatly packaged for maximum convenience. Phone support is available to guide you through the process.

ARTICULATING SINGLE STUD MOUNTS

L102

Flexibility in a Small Package.

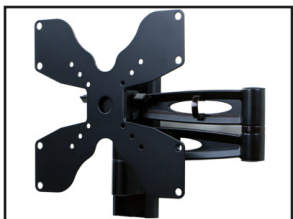

This mount has carved a niche for itself in offices, kitchens and other spaces where a smaller TV is generally more appropriate.

With this in mind, options are still nice to have, so the L102 features an articulating reach of up to 17" from the wall, full swivel capabilities and generous tilt to reach you wherever you may be.

FEATURES & SPECIFICATIONS

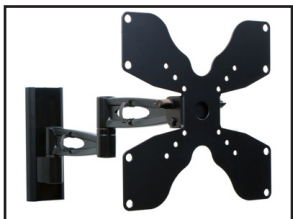

- Fits most flat panel TVs from 19" to 32"
- Supports TVs up to 56 lbs (25 kg)
- Accommodates VESA sizes: 50x50, 75x75, 100x100, 200x100, 200x200, 100x200
- Accessible tilt mechanism provides a $\pm 12^\circ$ tilt angle
- Swivels up to 180° for maximum viewing angle
- Sits 3" (7.6 cm) from the wall
- Extends up to 17" (43.2 cm) from the wall
- Integrated cable management system
- Single stud wall plate
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 4.4 lbs (2 kg)
- Shipping box dimensions: 10" x 9.3" x 2.8" (25.5 x 23.5 x 7 cm)
- Product weight: 3.5 lbs (1.6 kg)
- UPC: 800152712147

A VARIETY OF VESA PATTERNS

The L102 is designed for smaller TVs with specific VESA patterns, including 50x50, 75x75, 100x100, 200x100, 200x200, and 100x200.

17 INCHES OF EXTENSION

The L102 extends a generous 17" from the wall to accommodate a variety of TV uses from simple viewing, to home exercise, to gaming, and more. When pushed all the way back into place, your TV sits just 3" from the wall.

SWIVELS UP TO 180 DEGREES

The extension arms allow you to swivel the TV left or right 90° or more, depending on your TV size. The bigger your TV, the sooner it touches the wall when swivelling.

24 DEGREES OF TILT

The L102 features a tilt mechanism that is easily accessible and uses an adjustment knob that requires no tools. Tip your TV forward or backward up to 12°, and you can quickly tighten the head in place at your desired viewing angle.

EASY INSTALLATION

With only a single stud, the L102 is simple to mount and is up on the wall in no time. Everything you need is included to complete your installation quickly and with relative ease. Use our online video and phone support to guide you through the process.

SLEEK CABLE MANAGEMENT

Built-in cable management tucks your cables out of the way and keeps them neatly and safely organized – out of sight, out of mind.

ARTICULATING SINGLE STUD MOUNTS

M200

When wall space is at a premium, a single mount stud fits perfectly.

The M200 fits neatly on the wall and provides a wide range of motion – extension, tilt and swivel – to position your TV where you want it. For medium-sized TVs, this mount has heavy-duty steel arms that support up to 80 pounds.

The M200 provides hole patterns that fit most TVs - convenient when you want to upgrade your TV without having to buy and install a new mount.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 26" to 55"
- Supports TVs up to 80 lbs (36 kg)
- Accommodates VESA sizes: 100x100, 200x100, 100x200, 200x200, 300x300 400x200, 400x400
- Accessible tilt mechanism provides a +10° to -2° tilt angle
- Swivels up to 180° for maximum viewing angle
- Sits 1.8" (4.6 cm) from the wall
- Extends up to 20" (50.8 cm) from the wall
- Integrated cable management system
- Single stud wall plate
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 11 lbs (5 kg)
- Shipping box dimensions: 16.1" x 10.8" x 3" (41 x 27.5 x 7.5 cm)
- Product weight: 9.7 lbs (4.4 kg)
- UPC: 800152015613

CONVENIENT TV PLATE

The M200 TV plate mounts easily to the back of your TV, and fits VESA sizes of 100x100, 200x100, 100x200 and 200x200. It attaches quickly to the mount's tilt head. Note that the center of the TV plate is offset approximately 4" from the stud center (left or right) when flush against the wall.

FITS VESA SIZES TO 400X400

The M200 provides versatility to accommodate various VESA patterns. It includes extension arms that can be mounted in an "H" format to reach VESA sizes 400x200. For other mounting patterns such as 300x300 and 400x400, use the extension arms in an X configuration.

12 DEGREES OF TILT

The tilt mechanism is easily accessible and uses a spring-loaded lever system that requires no tools. Tip your TV forward up to 10° or backward 2°, and you can quickly tighten the head in place at your desired viewing angle.

SWIVELS UP TO 180 DEGREES

The extension arms allow you to swivel the TV left or right by 90° or more, with up to a 42" TV at full extension. This is ideal for mounting on pillars or corners, giving you the ability to swivel the TV to watch it in a living room, kitchen, office or any other adjacent space.

EXTENDS UP TO 20 INCHES

The M200 extends 20" from the wall and is ideal for mounting in recesses.

CABLE MANAGEMENT

Two easily detachable cable management clips allow you to route your power and video cables neatly from the TV back to the wall. No tools are needed in order to tuck your cables out of sight.

TECHNICAL ILLUSTRATIONS

ARTICULATING SINGLE STUD MOUNTS

M250

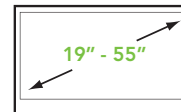

Fit your TV exactly where you want it.

The M250 only requires a single stud to mount and offers a 20" reach. It swivels and tilts to ensure that you get the exact positioning you want.

With support up to 80 pounds, this mount provides great value with its features, durability, and ease of installation.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 19" to 55"
- Supports TVs up to 80 lbs (36 kg)
- Accommodates VESA sizes: 100x100, 200x100, 100x200, 200x200, 300x300 400x200, 400x400
- Accessible tilt mechanism provides a +10° to -5° tilt angle
- Swivels up to 160° for maximum viewing angle
- Sits 2.4" (6.1 cm) from the wall
- Extends up to 20" (50.8 cm) from the wall
- Integrated cable management system
- Single stud wall plate
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 11 lbs (5 kg)
- Shipping box dimensions: 14" x 11.2" x 2.8" (35.5 x 28.5 x 7 cm)
- Product weight: 10.4 lbs (4.7 kg)
- UPC: 800152712246

FITS A VARIETY OF VESA SIZES TO 200X200

Attach your TV directly to the TV plate to fit VESA size 100x100, 200x100, 200x200 and 100x200.

FITS VESA SIZES 400X200

Attach the included extension arms in an "H" format to reach VESA sizes 400x200.

FITS VESA SIZES 300X300 AND 400x400

For VESA sizes of 300x300 and 400x400, attach the included extension arms in an "X" format.

15 DEGREES OF TILT

The M250 is capable of tilting 10° forward or 5° backward, so the viewing angle can be adjusted to suit you perfectly. To keep your TV at the ideal angle, use the included Allen key to tighten the tilt tension on the two hex bolts located on the tilt head.

SLEEK CABLE MANAGEMENT

Built-in cable management tucks your cables out of the way and keeps them neatly and safely organized – out of sight, out of mind.

20 INCHES OF EXTENSION

The M250 extends a generous 20" from the wall to accommodate a variety of TV uses from simple viewing, to home exercise, to gaming, and more. When pushed all the way back, your TV sits just 2.4" from the wall.

TECHNICAL ILLUSTRATIONS

ARTICULATING SINGLE STUD MOUNTS

M300

Save space without forfeiting functionality.

The M300 is a one-stud solution for those looking to enjoy a wide range of TV viewing angles without taking up too much wall space.

For medium-sized TVs, this versatile mount has heavy-duty steel arms that support up to 80 pounds and allow for easy tilt, pan and swivel adjustments. With a clean powder-coated finish and integrated cable management, the M300 is a sleek answer to your TV mounting needs.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 26" to 55"
- Supports TVs up to 80 lbs (36 kg)
- Accommodates VESA sizes: 100x100, 200x100, 100x200, 200x200, 300x300, 400x200, 400x400
- Accessible tilt mechanism provides a +10° to -2° tilt angle
- Swivels up to 180° for maximum viewing angle
- Sits 2.1" (5.3 cm) from the wall
- Extends up to 19.6" (49.7 cm) from the wall
- Integrated cable management system
- Single stud wall plate
- Solid steel construction with durable powder-coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 11.2 lbs (5.1 kg)
- Shipping box dimensions: 15.6" x 12.6" x 2.5" (39.7 x 31.9 x 6.3 cm)
- Product weight: 10.1 lbs (4.6 kg)
- UPC: 800152712697

SWIVELS UP TO 180 DEGREES

The extension arms allow you to swivel your TV 180°, depending on the size of your television. This is ideal for mounting on pillars or corners, giving you the ability to swivel your TV to watch it in a living room, kitchen or any other adjacent space.

SUPPORTS UP TO 80 POUNDS

The M300 supports a maximum of up to 80 pounds. Even at full extension, your TV stays in place with no sag.

FITS VESA SIZES 100X100 TO 400x400

With the addition of four extension arms, the M300 is capable of carrying TVs with VESA sizes up to 400x400. Simply configure the position of the arms to accommodate your particular mounting pattern.

12 DEGREES OF TILT

The tilt mechanism is easily accessible and uses a spring-loaded lever system that requires no tools. Tilt your TV forward up to 10° or backward 2°, and you can simply tighten the head in place at your desired viewing angle.

SLEEK CABLE MANAGEMENT

Two easily detachable cable management clips allow you to route your power and video cables neatly from the TV back to the wall. No tools are needed in order to tuck your cables out of sight.

CLEAN FINISH

The M300 is built with solid steel construction and a durable powder coated finish – a sophisticated, clean look.

ARTICULATING SINGLE STUD MOUNTS

PS200

Elegance and Functionality.

The PS200 is a single stud articulating mount designed to mount most flat panel TVs from 26" to 60".

It will hold TVs weighing up to 66 pounds, and offers extension, tilt and swivel capabilities to provide you with a wide range of viewing positions, yet sit close to the wall when pushed back. Solid steel construction, attractive detailing and a durable powder coated finish make this mount a great addition to your home or office. An integrated cable management system allows you to route your cables quickly and easily and simple covers finish off the look!

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 26" to 60"
- Supports TVs up to 66 lbs (30 kg)
- Accommodates VESA sizes: 75x75, 100x100, 200x200, 300x300, 400x400
- Accessible tilt mechanism provides a +12° to -2° tilt angle, with vertical snap lock
- Swivels between 120° and 180° depending on your TV size
- Sits 1.9" (4.9 cm) from the wall
- Extends up to 13.8" (35 cm) from the wall
- Integrated cable management system
- Adjustable horizontal leveling
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood studs and concrete installation is included
- 2 Year Warranty
- Shipping box weight: 11.5 lbs (5.2 kg)
- Shipping box dimensions: 20.5" x 14" x 3" (52 x 35.5 x 7.5 cm)
- Product weight: 9.9 lbs (4.5 kg)
- UPC: 800152714400

A RANGE OF VESA PATTERNS

The PS200 is designed for smaller TVs with specific VESA patterns, including 75x75, 100x100 and 200x200.

VESA SIZES TO 400x400

For larger VESA mounting patterns such as 300x300 and 400x400, attach the four extension arms using the supplied Nylock nuts.

TILT MECHANISM

The PS200 fingertip control allows you to tilt your TV forward up to 15°. Now you can reduce glare and view your TV at the most comfortable angle. You can tighten the nuts to lock the tilt angle in place. The tilt head will automatically click into place when the TV is vertical.

SWIVELS UP TO 180 DEGREES

The extension arm allows you to swivel the TV your TV up to 180°. The actual amount of swivel will depend on the size of your TV.

EXTENDS UP TO 13.8 INCHES

The PS200 extends 13.8" from the wall to give you a variety of viewing options. When pushed back against the wall, note that the center of the TV plate is offset approximately 13" from the stud center (left or right).

EVERYTHING YOU NEED

Because every installation is unique, PS200's are carefully packaged with all the lag bolts, anchors, mounting bolts, washers and spacers that you could need. Everything is labeled with clear instructions that correspond with the manuals in order to simplify your installation.

PS300

This mount does it all.

22" of reach from your wall, combined with swivel and tilt capabilities, lets your TV adjust to you – just the way it should be.

Its low-profile design means you can tuck it away when you want. With the PS300, you only need a single stud to get it up on the wall, yet still benefit from its many features. Solid steel construction equates to durability and reliability, while the cable management system will make you forget your input wires even existed in the first place.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 26" to 60"
- Supports TVs up to 88 lbs (40 kg)
- Accommodates VESA sizes: 75x75, 100x100, 200x200, 300x300, 400x400
- Accessible tilt mechanism provides +12° to -2° of tilt adjustment
- Swivels between 120° and 180° depending on your TV size
- Sits 1.9" (4.9 cm) from the wall
- Extends up to 22" (56.1 cm) from the wall
- Integrated cable management system
- Adjustable horizontal leveling
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood studs and concrete installation is included
- Two Year Warranty
- Shipping box weight: 15.2 lbs (6.9 kg)
- Shipping box dimensions: 20.5" x 14" x 3" (52 x 35.5 x 7.5 cm)
- Product weight: 11.9 lbs (5.4 kg)
- UPC: 800152714400

VESA SIZES UP TO 400x400

The PS300 is designed for small to midsize TVs with specific VESA patterns, including 75x75, 100x100 and 200x200. For larger VESA mounting patterns such as 300x300 and 400x400, attach the four extension arms using the supplied Nylock nuts.

TILT MECHANISM

The PS300 allows you to tilt your TV +12°/-2° to reduce glare and find the most comfortable viewing angle. Its tilt mechanism comes pre-tensioned to allow you to easily tilt your TV. If you require more or less resistance, simply adjust the nuts on the top of the tilt mechanism.

SWIVELS UP TO 180 DEGREES

With its articulating arms, the PS300 allows you to swivel your TV between 120° and 180° depending on the size of your TV.

EXTENDS UP TO 22 INCHES

The PS300 extends 22" from the wall to give you a variety of viewing options. When pushed back against the wall, the center of your TV will sit in-line with the wall mount.

SLEEK CABLE MANAGEMENT

An integrated cable management system allows you to route your power and video cables neatly between the TV and the wall.

EVERYTHING YOU NEED

Because every installation is unique, PS300's are carefully packaged with all the lag bolts, anchors, mounting bolts, washers and spacers that you could need. Everything is labeled with clear instructions that correspond with the manuals in order to simplify your installation.

ARTICULATING SINGLE STUD MOUNTS

PS350

The new standard in single stud mounts.

The PS350 provides an amazing range of motion, offering 22" of extension yet sitting less than 2" from the wall when pushed in. Capable of accommodating TVs up to 60" and weighing 88 pounds, PS350 is simple to install and easy to use. The H-frame style TV plate fits a wide range of VESA sizes.

The attractive solid steel construction includes a cable management system to hide your cables, and magnetic covers to hide the wall mount lag bolts.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 37" to 60"
- Supports TVs up to 88 lbs (40 kg)
- Accommodates VESA sizes: 200x75 to 600x400
- Accessible tilt mechanism provides a +12° to -2° tilt angle.
- Swivels between 106° and 180° depending on your TV size
- Sits 1.9" (4.7 cm) from the wall
- Extends up to 22" (56.1 cm) from the wall
- Integrated cable management system
- Adjustable horizontal leveling
- Solid steel construction with durable powder coated finish
- Installation manual and all mounting hardware for wood studs and concrete installation is included
- Two Year Warranty
- Shipping box weight: 18.3 lbs (8.3 kg)
- Shipping box dimensions: 29.7" x 13.6" x 3.8" (75.5 x 34.5 x 9.7 cm)
- Product weight: 13.9 lbs (6.3 kg)
- UPC: 800152715292

FITS A VARIETY OF VESA PATTERNS

The adjustable H-frame mounting brackets allow the PS350 to accommodate VESA sizes ranging from 200x75 to 600x400.

TILT MECHANISM

With +12° to -2° of tilt, you can adjust your TV to the perfect viewing angle in your home or office.

SWIVELS UP TO 180 DEGREES

The articulating arms on the PS350 allow you to swivel your TV up to 180° when mounted on a wall, and over 180° when mounted on a corner or post.

EXTENDS UP TO 22 INCHES

The PS350 extends 22" away from the wall, giving you a range of viewing options. When pushed back against the wall, the center of the TV plate is centered with the wall mount.

SLEEK CABLE MANAGEMENT

An integrated cable management system allows you to route your power and video cables neatly between the TV and the wall.

EVERYTHING YOU NEED

Because every installation is unique, PS350s are carefully packaged with all the lag bolts, anchors, mounting bolts, washers and spacers that you could need. Everything is labeled with clear instructions that correspond with the manuals to simplify your installation.

FIXED DUAL STUD MOUNTS

F2337

For that ultra-low profile look.

Do you want your new TV flush against the wall like a work of art? With the F2337, you get the perfect solution for mounting your TV very close to the wall while still providing room for cables.

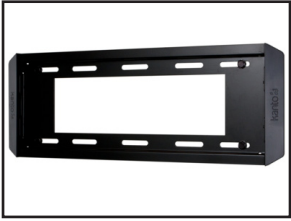

Quick release cords allow you to access connections, and easily move the placement of your TV without reinstalling. It's designed to work with a wide range of VESA patterns so when you upgrade your TV, you can still use the same mount.

Compatibility, strength, and sophistication. For stationary installations that do not require a range of motion, the F2337 is the mount for you.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 23" to 37"
- Supports TVs up to 100 lbs (45 kg)
- Accommodates VESA sizes from 100x100 to 400x300
- Sits 1" (2.5 cm) from the wall
- 19.5" (49.5 cm) dual stud wall plate accommodates up to 16" stud spacing
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 5.6 lbs (2.5 kg)
- Shipping box dimensions: 21.1" x 8.9" x 1.6" (53.5 x 22.5 x 4 cm)
- Product weight: 4.6 lbs (2.1 kg)
- UPC: 800152712178

STRONG WALL PLATE

The F2337 is designed with two rows of mounting holes for extra strength and uses four lag bolts to support heavier TVs up to 100 pounds. It provides some offset abilities, depending on your TV size, allowing you to position your TV anywhere along the wall plate. Made of solid steel, the 19.5" wall plate mounts on 16" stud spacing.

FITS VESA SIZES TO 400x300

The F2337 is compatible with a range of VESA patterns from 100x100 up to 400x300.

QUICK LOCK MECHANISM

The spring-loaded locks click neatly into place as you swing the bottom of your TV to the wall. Always within reach, the quick release cords extend below the mount and offer a quick and easy way to detach your TV from the mount and remove it from the wall. This makes it easy to install or remove cables at the back of your TV.

HORIZONTAL LEVELING SCREWS

Located on each of the vertical bracket arms is a leveling screw that is used to fine-tune the angle of your TV. If you notice that your TV is not completely level, use the leveling screws to make the necessary adjustments so that it's perfectly aligned.

ATTRACTIVE END CAPS

Now you can have style and function with smooth, polished end caps that cover the ends of your mount and give you a clean, modern look.

FIXED DUAL STUD MOUNTS

F3760

Peace of mind in securing your new TV.

Now that you've invested in a TV that weighs up to 150 pounds, it's time to get it up safely on the wall.

Introducing the F3760, the low-profile mount which lets your TV sit an inch from the wall, leaving just enough room for your cables. With solid steel construction and a powder-coated finish, this mount is built to last. With quick release cables, you can modify the placement of your TV and access your cables easily.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 37" to 60"
- Supports TVs up to 150 lbs (68 kg)
- Accommodates VESA sizes from 100x100 to 600x400
- Sits 1" (2.5 cm) from the wall
- 27" (68.6 cm) dual stud wall plate accommodates up to 24" stud spacing
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 7 lbs (3.2 kg)
- Shipping box dimensions: 28.4" x 9.1" x 1.6" (72.2 x 23 x 4 cm)
- Product weight: 6.8 lbs (3.1 kg)
- UPC: 800152712185

STRONG WALL PLATE

The F3760 is designed with two rows of mounting slots for extra strength and uses four lag bolts to support heavier TVs up to 150 pounds. It provides some offset abilities depending on your TV size, allowing you to position your TV anywhere along the wall plate. Made of solid steel, the 27.4" wall plate mounts on 16" and 24" stud spacing.

FITS VESA SIZES TO 600x400

The F3760 is compatible with a range of VESA patterns from 100x100 up to 600x400.

SHIFT YOUR TV LEFT OR RIGHT

Once your mount is installed you can still move the position of your TV left or right. Smoothly slide your TV across the wall plate to get the perfect viewing position. The range of movement depends on your TV size.

QUICK LOCK MECHANISM

The spring-loaded locks click neatly into place as you swing the bottom of your TV to the wall. Always within reach, the quick release cords extend below the mount and offer a quick and easy way to detach your TV from the mount and remove it from the wall. This makes it easy to install or remove cables at the back of your TV.

FIXED DUAL STUD MOUNTS

F6080

Make your friends jealous.

Now that you have a TV that is the envy of all your friends, the challenge is to get it up on the wall safely and securely.

Introducing the F6080, a fixed mount for flat panel TVs from 60" to 90" that weigh up to 200 pounds. Support is provided by a solid steel infrastructure with a powder-coated finish. With VESA patterns to suit most TVs and a quick release feature to access connections and move your TV without having to move the mount, the F6080 is a great mounting solution.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 60" to 90"
- Supports TVs up to 200 lbs (91 kg)
- Accommodates VESA sizes from 400x400 to 1100x600
- Sits 1" (2.5 cm) from the wall
- Adjustable horizontal leveling
- 45" (114.3 cm) wall plate accommodates up to three 16" studs, or offsetting on 24" stud centers
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 14.5 lbs (6.6 kg)
- Shipping box dimensions: 47.2" x 10.4" x 3.9" (120 x 26.5 x 10 cm)
- Product weight: 14.3 lbs (6.5 kg)
- UPC: 800152712345

STRONG WALL PLATE

The F6080 is designed with two rows of mounting slots for extra strength and, using up to six lag bolts on three studs, supports very heavy TVs up to 200 pounds. It provides some offset abilities depending on your TV size, allowing you to position your TV anywhere along the wall plate. Made of solid steel, the 47" wall plate mounts on either three 16" studs or two 24" studs.

FITS VESA SIZES TO 1100x600

The F6080 is compatible with a range of VESA patterns from 400x400 up to 1100x600, to support even the largest TVs.

QUICK LOCK MECHANISM

The spring-loaded locks click neatly into place as you swing the bottom of your TV to the wall. Always within reach, the quick release cords extend below the mount and offer a quick and easy way to detach your TV from the mount and remove it from the wall. This makes it easy to install or remove cables at the back of your TV.

HORIZONTAL LEVELING SCREWS

Located on each of the vertical bracket arms is a leveling screw that is used to fine-tune the angle of your TV. If you notice that your TV is not completely level, use the leveling screws to make the necessary adjustments so that it's perfectly aligned.

ATTRACTIVE END CAPS

Now you can have style and function with smooth, polished end caps that cover the ends of your mount and give you a clean, modern look.

TILTING DUAL STUD MOUNTS

T2337

The perfect tilting mount for your smaller TV.

For a sturdy and simple mounting solution, choose the T2337. It carries standard features such as a tilting mechanism and fits a wide range of VESA patterns.

It allows your TV to sit close to the wall and offers quick release cords which let you detach your TV and re-attach it in your preferred viewing position to suit your needs. It can support up to 100 pounds - if your TV weighs this much, we recommend asking someone to give you a helping hand. Functionality + Simplicity + Strength. The T2337 from Kanto.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 23" to 37"
- Supports TVs up to 100 lbs (45 kg)
- Accommodates VESA sizes from 100x100 to 400x300
- Accessible tilt mechanism provides a +10° to -5° tilt angle
- Sits 1.9" (4.8 cm) from the wall
- Adjustable horizontal leveling
- 19.5" (49.5 cm) dual stud wall plate accommodates up to 16" stud spacing
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 7.6 lbs (3.4 kg)
- Shipping box dimensions: 21.1" x 9.1" x 2.7" (53.5 x 23 x 6.8 cm)
- Product weight: 7.3 lbs (3.3 kg)
- UPC: 800152712154

FITS VESA SIZES TO 400x300

The T2337 is compatible with a range of VESA patterns from 100x100 up to 400x300.

QUICK LOCK MECHANISM

The spring-loaded locks click neatly into place as you swing the bottom of your TV to the wall. Always within reach, the quick release cords extend below the mount and offer a quick and easy way to detach your TV from the mount and remove it from the wall. This makes it easy to install or remove cables at the back of your TV.

STRONG WALL PLATE

The T2337 is designed with two rows of mounting slots for extra strength and uses four lag bolts for installation. It provides some offset abilities depending on your TV size allowing you to position your TV across the wall plate. Made of solid steel, the 19.5" wall plate mounts on 16" stud spacing.

SUPPORTS 100 POUNDS

The T2337 can support up to 100 pounds.

15 DEGREES OF TILT

With 10° of forward tilt and 5° backward tilt, the T2337 provides just the right amount of range to make the proper adjustments to optimize your viewing angle.

TILT LOCK SCREWS

Using the included tilt lock screws, you can lock your TV at fixed intervals of +5°, 0°, and -5°. This added feature makes it easy to guarantee the selected position.

TILTING DUAL STUD MOUNTS

KT3260

Wide enough to fit even 24" stud centers.

While most construction uses 16" stud centers, there are always applications where 24" centers are used - the KT3260 wall plate is wide enough to fit both.

With its low-profile design, range of VESA patterns and flexible tilting mechanism, this mount is a great fit for TVs between 32" and 60". It's built with adjustable quick-release tabs so that you can access your connections or remove the TV from the wall and place it back on the mount in the perfect location.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 32" to 60"
- Supports TVs up to 80 lbs (36 kg)
- Accommodates VESA sizes from 100x100 to 600x400
- Accessible tilt mechanism provides a +12° tilt angle
- Sits 1.5" (3.8 cm) from the wall
- 27.6" (70 cm) dual stud wall plate accommodates up to 24" stud spacing
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 6.4 lbs (2.9 kg)
- Shipping box dimensions: 28.7" x 4.9" x 2.8" (73 x 12.5 x 7 cm)
- Product weight: 6.2 lbs (2.8 kg)
- UPC: 800152015699

FITS VESA SIZES TO 600x400

The KT3260 accommodates a range of VESA sizes from 100x100 to 600x400.

12 DEGREES OF FORWARD TILT

With 12° of forward tilt, the KT3260 provides just the right amount of range to make the proper adjustments to your viewing angle.

QUICK RELEASE TABS

Once the arms are mounted to your TV, adjust the length of the quick release tabs. Always within reach, the quick release tabs extend below the mount and offer a quick and easy way to detach your TV from the mount and remove it from the wall. This makes it easy to install or remove cables at the back of your TV.

STRONG WALL PLATE

Designed for strength and flexibility, it features an alignment arrow for proper orientation, plus holes and slots for more precise positioning. The KT3260 works with both 16" or 24" stud spacing and accommodates a variety of stud configurations.

ATTRACTIVE END CAPS

Now you can have style and function with smooth, polished end caps that cover the ends of your mount and give you a clean, modern look.

EVERYTHING YOU NEED

Everything you need to complete your installation is included. Washers, spacers, bolts, and manuals are neatly packaged for maximum convenience. Phone support is available to guide you through the process.

TILTING DUAL STUD MOUNTS

KT1960

No more growing pains.

The versatility of the KT1960 allows you to mount your current TV and simply adjust it when you buy a bigger one.

The KT1960 works with a wide range of VESA patterns to accommodate most TVs on the market. Think of it like the chameleon of wall mounts – it's able to adjust to an amazing range of TVs and installation settings. It also offers finger-tip control forward tilt and quick-release cords so that you can adjust your TV on the wall mount to suit your needs. The cords are magnetic so it's almost like magic when they tuck neatly out of the way, yet are available at any time.

The KT1960 is your one-size-fits-most TV mount solution.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 19" to 60"
- Supports TVs up to 80 lbs (36 kg)
- Accommodates VESA sizes from 75x75 to 600x400
- Accessible tilt mechanism provides a +12° tilt angle
- Sits 1.4" (3.5 cm) from the wall
- 25.8" (70.6 cm) wall plate accommodates up to 24" stud spacing
- Magnetic pull cord handles allow you to tuck them easily out of sight
- Locking feature for safety and security (lock not provided)
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 8.4 lbs (3.8 kg)
- Shipping box dimensions: 23.4" x 8.3" x 2.6" (59.5 x 21 x 6.7 cm)
- Product weight: 7.3 lbs (3.3 kg)
- UPC: 800152713052

PERFECT FOR SMALL TVs

The KT1960 can be used for TVs with VESA patterns as small as 75x75, so will accommodate TVs as small as 19".

FITS VESA SIZES TO 600x400

The KT1960 can be extended to pre-set widths of 17.8" and 25.8" so it can be mounted on up to 24" stud spacing. With the included vertical extension arms, it can be used for TVs with VESA patterns as large as 600x400. Even as you upgrade to a bigger TV, you can continue to use the same mount with a simple adjustment.

12 DEGREES OF FORWARD TILT

This unit tilts forward up to 12° and is easily pushed back to vertical where it clicks into place. With a low-profile design, the KT1960 has your TV sitting 1.4" from the wall when pushed all the way back.

LOCKING MECHANISM

For safety and security, the KT1960 provides the option to install a lock at the top of the latch. This secures the TV in place and helps prevent theft. Lock not included.

MAGNETIC QUICK RELEASE CORDS

Removing your TV from the wall plate is as easy as pulling on the two quick release cords and pulling the bottom of the TV away from the wall plate. These cords include magnetic ends, so they are quickly and easily tucked out of sight behind the TV.

CONVENIENT BOLT PACK

The KT1960 includes a labeled bolt pack with a variety of bolt diameters and lengths, as well as several spacers to allow a custom fit. Lag bolts and concrete anchors are provided so you can mount to wood studs or concrete walls.

TILTING DUAL STUD MOUNTS

PT200

The mount that grows with your TV.

The PT200 is a low profile, tilting TV mount designed to adapt to your needs. Its adjustable wall plate and four extension arms support a variety of VESA patterns, and give you the ability to mount practically any flat screen display between 19 and 70 inches.

Sitting a mere 1.4" from the wall, this versatile mount allows you to angle your TV up to 12° forward, helping to reduce glare and improve visibility. The PT200 also comes equipped with magnetic release cords designed to make removing your TV quick and easy.

With a convenient bolt pack providing fasteners of varying sizes, you'll have everything you need to safely and securely mount your TV.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 19" to 70"
- Supports TVs up to 110 lbs (50 kg)
- Accommodates VESA sizes from 75x75 to 600x400
- Accessible tilt mechanism provides a +12° tilt angle
- Sits 1.4" (3.5 cm) from the wall
- 25.7" (65.5 cm) wall plate accommodates up to 24" stud spacing
- Magnetic pull cord handles allow you to tuck them easily out of sight
- Locking feature for safety and security (lock not provided)
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation are included
- Two Year Warranty
- Shipping box weight: 8.5 lbs (3.9 kg)
- Shipping box dimensions: 23.2" x 8.3" x 2.8" (59 x 21 x 7 cm)
- Product weight: 6.2 lbs (2.8 kg)
- UPC: 800152715308

FITS A WIDE RANGE OF TV SIZES

With its adjustable wall plate and accompanying extension arms, the PT200 can be used to mount TVs from 19 to 70 inches.

FITS VESA SIZES UP TO 600x400

The versatility of the PT200 accommodates VESA patterns as small as 75x75, all the way up to 600x400.

12 DEGREES OF FORWARD TILT

The PT200 provides up to 12° of forward tilt, helping to reduce glare and improve line-of-sight with your TV. When fully inclined, its low-profile design will have your TV sitting 1.4" from the wall.

LOCKING MECHANISM

For safety and security, the PT200 allows for a lock to be secured between its wall plate and mounting brackets. This keeps your TV in place and helps prevent theft. (Lock not included)

MAGNETIC QUICK RELEASE CORDS

Removing your TV from the wall plate is as easy as pulling on the two quick release cords located at the bottom of the mount. These cords include magnetic ends, making it easy to tuck them out of sight.

CONVENIENT BOLT PACK

The PT200 includes a labeled bolt pack with a variety of bolt diameters and lengths, as well as several spacers for custom installations. Lag bolts and concrete anchors are also provided for mounting to wood studs or concrete walls.

ARTICULATING DUAL STUD MOUNTS

FMC4

Options. Options. Options.

A great fit for both home and commercial installations, the FMC4 offers incredible versatility for your wall-mounting needs.

The adjustable pivot point lets you center your TV perfectly, or move it to either extreme if you need to wrap it around a corner or deal with off-center studs. With almost limitless swivel capability and 24" of extension, this unique mount can meet almost any mounting challenge. Heavy duty solid steel construction means this mount supports up to 100 pounds – plenty of strength for today's bigger TVs.

This mount gives you the flexibility and options you deserve to enhance your digital lifestyle.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 30" to 60"
- Supports TVs up to 100 lbs (45 kg)
- Accommodates VESA sizes from 100x100 to 600x400
- Sliding pivot point may be moved 20" left or right for flexible installation
- Accessible tilt mechanism provides a +10°/-5° tilt angle
- Swivels left and right 135° for maximum viewing angle
- Sits 3.1" (8 cm) from the wall
- Extends up to 23.6" (60 cm) from the wall
- Integrated cable management system
- Adjustable horizontal leveling
- 26.8" (68 cm) wall plate accommodates up to 24" stud spacing
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 26.9 lbs (12.2 kg)
- Shipping box dimensions: 29.7" x 16.9" x 5.1" (75.5 x 43 x 13 cm)
- Product weight: 22 lbs (10 kg)
- UPC: 800152712239

SUPPORTS 100 POUNDS

The FMC4 supports a maximum of up to 100 pounds. Even at full extension, your TV stays in place with no sag.

ADJUSTABLE PIVOT POINT

The FMC4 features a sliding pivot point that can be moved 20" to the left or right. With this function, you can move the entire arm and TV plate laterally across the wall plate for a wide range of viewing options.

FITS VESA SIZES TO 600x400

The FMC4 accommodates a range of VESA sizes from 100x100 all the way to 600x400.

WIDE RANGE OF SWIVEL

Depending on the size of your TV and the amount of extension, you can swivel your TV 135° or more to the left or right. With this range of motion, your TV can be seen from almost every part of the room, and even in multiple rooms.

15 DEGREES OF TILT

The ability to tilt 5° backward is useful for lower installations. For higher mount installations, tilting 10° forward allows you to find the perfect viewing position. To keep the angle of your TV constant, use the included Allen key to tighten the tilt tension on the two hex bolts located on the tilt head.

SLEEK CABLE MANAGEMENT

An integrated cable management system allows you to route your power and video cables neatly between the TV and the wall. Keep your cables tidy and out of sight for a clean, organized look.

ARTICULATING DUAL STUD MOUNTS

FMX1

Cliché or not, the FMX1 proves that great things can come in small packages.

The FMX1 gives your TV a wide range of motion to adapt to your changing lifestyle. Heavy-duty solid steel construction means that you can support up to 100 pounds with this mount without sacrificing versatility. Easy-route cable management keeps your cables safely tucked out of view and completes the modern look.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 37" to 50"
- Supports TVs up to 100 lbs (45 kg)
- Accommodates VESA sizes from 75x75 to 400x400
- Accessible tilt mechanism provides a +15°/-5° tilt angle
- Swivels up to 160° for maximum viewing angle
- Sits 3.5" (9 cm) from the wall
- Extends up to 19.3" (49 cm) from the wall
- Integrated cable management system
- Adjustable horizontal leveling
- 19.7" (50 cm) dual stud wall plate accommodates up to 16" stud spacing
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 27.6 lbs (12.5 kg)
- Shipping box dimensions: 26.6" x 13.2" x 5.5" (67.5 x 33.5 x 14 cm)
- Product weight: 21.6 lbs (9.8 kg)
- UPC: 800152712338

FITS VESA SIZES TO 400x400

The FMX1 accommodates a range of VESA sizes from 75x75 to 400x400 – perfect for small to mid-sized flat panel TVs.

OVER 19 INCHES OF EXTENSION

The FMX1's full reach extends a generous 19.3" from the wall to accommodate a variety of TV uses from simple viewing, to home exercise, to gaming, and more.

SWIVELS UP TO 160 DEGREES

Depending on the size of your TV and the amount of extension, you can swivel your TV up to 80° left or right. No matter where you are, your TV adjusts to you.

20 DEGREES OF TILT

The tilt mechanism is easily accessible and uses a swing-over lever system that does not require tools. Tip your TV forward 15°, backward 5°, or anywhere in between, and quickly tighten the head in place at your desired viewing angle.

SLEEK CABLE MANAGEMENT

An integrated cable management system allows you to route your power and video cables neatly between the TV and the wall. Keep your cables tidy and out of sight for a clean, organized look.

SAFELY SECURE YOUR TV

Use the captive screw to securely fasten your TV to the TV plate. Your TV will always stay in place at the perfect position.

ARTICULATING DUAL STUD MOUNTS

FMX2

This mount is a crowd favorite.

With a full range of motion, including almost 20" reach from the wall, this mount was created to adjust to you.

The FMX2 was built to give options for TVs up to 80" weighing up to 130 pounds. Perfect for hanging TVs with even the widest VESA patterns, you can shift the TV on the plate to optimize the range of viewing positions. Easy.

Designed with a sleek cable management system, solid steel construction, and an easy installation process, what more could you ask for?

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 37" to 80"
- Supports TVs up to 130 lbs (59 kg)
- Accommodates VESA sizes from 75x75 to 800x450
- Accessible tilt mechanism provides a +15°/-5° tilt angle
- Swivels between 70° and 160° depending on your TV size
- Sits 3" (9 cm) from the wall
- Extends up to 19.3" (49 cm) from the wall
- Integrated cable management system
- Adjustable horizontal leveling
- 25.2" (64 cm) dual stud wall plate accommodates up to 24" stud spacing
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 31.6 lbs (14.3 kg)
- Shipping box dimensions: 37.2" x 13.2" x 4.1" (94.5 x 33.5 x 10.5 cm)
- Product weight: 28.9 lbs (13.1 kg)
- UPC: 800152015569

FITS VESA SIZES TO 800x450

The FMX2 accommodates a wide range of VESA sizes from 75x75 all the way to 800x450. From small flat panel TVs to big screens, this mount gives you the convenience of compatibility so when you invest in a different TV, you won't have to buy a new mount.

OVER 19 INCHES OF EXTENSION

The FMX2's full reach extends a generous 19.3" from the wall to accommodate a variety of TV uses from simple viewing, to home exercise, to gaming, and more.

SWIVELS UP TO 160 DEGREES

Depending on the size of your TV and the amount of extension, you can swivel your TV up to 160°. Allow your TV to adjust to your lifestyle.

20 DEGREES OF TILT

ARTICULATING DUAL STUD MOUNTS

FMX3

Behold the bigwig of articulating wall mounts.

You may have just purchased a jumbo TV with a plan to set up your own private home theatre. What will get your new investment from the box to the wall and give you the peace of mind that it will stay there? The FMX3, of course.

If your TV measures up to 90" and weighs less than 150 pounds, then this is the perfect mount to give you an amazing range of motion and let you enjoy your TV to the fullest. And we even made it easy. Pre-assembled with heavy-duty dual wishbone arms made of solid steel, the FMX3 is simple to install and offers incredible extension, tilt, and swivel capabilities.

Enjoy your enormous TV in style.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 40" to 90"
- Supports TVs up to 150 lbs (68 kg)
- Accommodates VESA sizes from 200x100 to 700x500
- Accessible tilt mechanism provides a +15° to -5° tilt angle
- Swivels up to 160° for maximum viewing angle
- Sits 4" (10 cm) from the wall
- Extends up to 28" (71 cm) from the wall
- Integrated cable management system
- Adjustable horizontal leveling
- 26.8" (68 cm) dual stud wall plate accommodates up to 24" stud spacing
- Includes paper wall template for marking pilot holes
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 32.3 lbs (14.6 kg)
- Shipping box dimensions: 31.5" x 12.8" x 4.1" (80 cm x 32.5 x 10.3 cm)
- Product weight: 28.7 lbs (13 kg)
- UPC: 800152015590

SUPPORTS 150 POUNDS

With its solid steel construction, the FMX3 is designed and tested to hold up to 150 pounds. Even with your TV at the maximum weight at full extension, your TV will remain in place with no sag.

28 INCHES OF EXTENSION

Pull your TV an amazing 28" out from the wall – ideal to pull a TV out of a recess, and to allow modest swivel for even an 80" TV.

FITS VESA SIZES TO 700x500

The FMX3 accommodates a range of VESA patterns from 200x100 to 700x500.

SWIVELS UP TO 160 DEGREES

The articulating arms allow you to swivel your TV left or right up to 80° with smaller TVs. Larger TVs will swivel as well but touch the wall before swiveling the full 80°.

20 DEGREES OF TILT

The tilt mechanism is easily accessible, and uses a spring-loaded lever system that requires no tools. Tip your TV forward up to 15° or backward 5°, and you can quickly tighten the head in place at your desired viewing angle.

EVERYTHING YOU NEED

We supply you with everything except a toolbox to ensure that your installation goes smoothly. Instruction manuals are provided in English, French, and Spanish, as well as the parts you need to mount your TV safely and securely. Easy-to-follow online videos and phone support are available to assist you along the way.

ARTICULATING DUAL STUD MOUNTS

PDX650

This is probably what you imagined before you started shopping for a mount.

The PDX650 is a full motion wall mount that allows your TV to sit less than 2" from the wall, and gives it options galore.

Generous tilt and swivel capabilities complemented by a 21.8" extension make this mount a winner through and through. It comes pre-assembled for a simple installation, and is strong yet lightweight enough to meet even your highest expectations.

Available in black and white finishes.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 37" to 70"
- Supports TVs up to 125 lbs (57 kg)
- Accommodates VESA sizes from 200x100 to 600x400
- Accessible tilt mechanism provides a +15° to -3° tilt angle
- Swivels up to 160° for maximum viewing angle
- Sits 2" (5 cm) from the wall
- Extends up to 21.8" (55.3 cm) from the wall
- Integrated cable management system
- Adjustable horizontal leveling
- 22" (56 cm) dual stud wall plate accommodates up to 16" stud spacing
- Solid steel construction with durable powder coated finish
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 24.6 lbs (11.1 kg)
- Shipping Box Dimensions: 29.4" x 15" x 2.8" (74.6 x 38 x 7 cm)
- Product Weight: 22.3 lbs (10.1 kg)
- UPC: 800152713038 - PDX650 (Black)
- UPC: 800152713045 - PDX650W (White)

LOW PROFILE DESIGN

With a unique tilt head designed to nestle into the frame, the PDX650 will let you push your TV within 2" of the wall. The H frame assembly provides maximum access for cable connections.

EXTENDS ALMOST 22 INCHES

Even with its low-profile design the PDX650 can extend almost 22" from the wall, giving you plenty of room for tilting and swiveling your TV, or for reaching out from alcoves.

SUPPORTS 125 POUNDS

With its solid steel construction, the PDX650 is designed and tested to hold up to 125 pounds. Even with your TV at the maximum weight at full extension, your TV will remain in place with no sag.

18 DEGREES OF TILT

In order to provide you with the ideal viewing angle, the PDX650 can easily be tilted forward 15° or backward 3°. Experiment with the best viewing angle and know that it can be securely locked in place. Once you've found the best viewing angle, tighten the nuts to secure your TV in place.

SWIVELS UP TO 160 DEGREES

The articulating arms allow you to pivot your TV left or right up to 80° with TVs up to 50". Larger TVs will touch the wall before swiveling the full 80°.

EVERYTHING YOU NEED

We supply you with everything except a toolbox to ensure that your installation goes smoothly. Instruction manuals are provided in English, French, and Spanish, as well as the parts you need to mount your TV safely and securely. Easy-to-follow online videos and phone support are available to assist you along the way.

ARTICULATING DUAL STUD MOUNTS

PDX680

Design at its finest.

Meet PDX680, the standard in full motion mounts from Kanto. Sitting a mere 2" from the wall and extending up to 24", the PDX680 is the perfect solution for versatility.

PDX680 offers 18° of tilt and a 26" wall plate to accommodate up to 24" studs. With integrated cable management and plastic caps to hide the lag bolts in the wall, the PDX680 is not only functional, but easy on the eyes too.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 39" to 75"
- Supports TVs up to 125 lbs (57 kg)
- Accommodates VESA sizes from 200x100 to 700x400
- Accessible tilt mechanism provides +15° to -3° of tilt
- Swivels up to 160° for maximum viewing angle
- Sits 2" (5 cm) from the wall
- Extends up to 24" (61 cm) from the wall
- Integrated cable management system
- Adjustable horizontal leveling
- 26" (66 cm) dual stud wall plate accommodates up to 24" stud spacing
- Solid steel construction with durable powder coated finish
- Four magnetic plastic covers conceal the lag bolts after installation
- Installation manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 27.4 lbs (12.4 kg)
- Shipping Box Dimensions: 34.1" x 12.7" x 3.9" (86.5 x 32.3 x 10 cm)
- Product Weight: 22.7 lbs (10.3 kg)
- UPC: 800152715315

LOW PROFILE DESIGN

The unique design of the PDX680 allows your TV to sit 2" from the wall when fully pushed in.

EXTENDS UP TO 24 INCHES

With 24" of extension, PDX680 is perfect for reaching over fireplaces, or out of alcoves and recessed locations.

SUPPORTS 125 POUNDS

Designed with strength in mind, the PDX680's solid steel frame can hold up to 125 lbs (57 kgs) with no concern, even at full extension.

18 DEGREES OF TILT

PDX680 offers 18° of tilt, allowing you to find the perfect viewing angle. Once your TV is in the right position, tighten the bolts on the tilt mechanism to ensure your TV stays where you want it.

SWIVELS 160 DEGREES

Depending on the size of your TV, the articulating arms on the PDX680 allow for a maximum left and right swivel of 80° (based on 39" TV)

EVERYTHING YOU NEED

We supply you with everything except a toolbox to ensure that your installation goes smoothly. Instruction manuals are provided in English, French, and Spanish, as well as all the parts you need to mount your TV safely and securely.

MTM65

Make your TV mobile with the MTM65.

With the MTM65, you get a simple solution for moving your flat panel TV from room to room.

Designed to be lightweight yet ruggedly strong, the MTM65 is a perfect fit for corporate settings, schools, commercial displays, and residential applications.

The MTM65 holds up to 100 pounds, provides 20" of easy height adjustment and has a lockable quick release feature for added security. The balance of simplicity and features is what sets it apart.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 37" to 65"
- Supports TVs up to 100 lbs (45 kg)
- Accommodates VESA sizes from 75x75 to 600x400
- Height adjustable between 40.5" (1 m) and 60" (1.5 m)
- Integrated cable management system
- Solid steel construction with durable powder coated finish
- Four wheel locks can be applied and released with your foot
- Assembly Manual and all TV mounting hardware is included
- Two Year Warranty
- Shipping box weight: 43.1 lbs (19.5 kg)
- Shipping box dimensions: 38.8" x 36.7" x 4.5" (98.5 x 93.1 x 11.5 cm)

FITS VESA SIZES TO 600X400

Designed to fit most flat panel TVs from 37" to 65", the TV mounting brackets can fit virtually any VESA pattern from 75x75 to 600x400.

SIMPLE HEIGHT ADJUSTMENT

To get your flat panel TV at the ideal height, the MTM65 features two push buttons on the vertical tubes that allow you to set the center of your TV anywhere between 40.5" and 60", in 2" increments. This adjustment should be done with the TV removed!

SLEEK CABLE MANAGEMENT

The MTM65 uses the hollow vertical tubes to route your cables from the TV to the base, keeping them neatly organized.

LOCKING WHEELS

The 2" wheels roll smoothly and can be locked into place quickly by stepping on the lock with your toe. Additionally, the locks can be released easily by simply hooking the toe of your shoe under the lock lever and lifting up.

SUPPORTS UP TO 100 LBS

Constructed out of solid steel and capable of carrying up to 100 pounds, you can rest assured that your TV is safe and secure with the MTM65.

EVERYTHING YOU NEED

The MTM65 comes packaged with all the mounting bolts, washers and spacers you'll need to fit virtually any size flat panel TV up to 65".

- Shipping box weight: 97 lbs (44 kg)
- Shipping box dimensions: 30.7" x 40.9" x 9.8" (78 x 104 x 25 cm)
- Product weight: 86 lbs (39 kg)
- UPC: 800152713076 - MTM72 (Black)
- UPC: 800152713083 - MTM72W (White)

VESA SIZES TO 800X700

Designed to fit most flat panel TVs from 42" to 72", the TV mounting brackets can fit virtually any VESA pattern from 200x200 to 800x500. Use the extension arms to reach VESA patterns to 800x700.

15 DEGREES OF TILT

The easily accessible tilt lock levers can be quickly released - you can tilt your TV forward up to 12° or backward 3°. The spring-loaded lever system allows you to secure the TV in your desired position and provide the ideal viewing angle.

ADJUSTABLE DEVICE TRAY

To hold your computer or other digital devices, the MTM72 features a device tray located on the main support pillar underneath your TV. Adjust the tray's height to suit your needs.

SLEEK CABLE MANAGEMENT

The MTM72 allows you to route your cables from the TV through the central pillar to the bottom of the cart, keeping them neatly organized.

QUICK RELEASE WHEEL LOCKS

The 3" wheels roll smoothly, and can be locked into place quickly by stepping on the lock with your toe. The locks can be released easily by simply hooking the toe of your shoe under the lock lever and lifting up.

EVERYTHING YOU NEED

The MTM72 comes with all the mounting bolts, washers and spacers you'll need to fit virtually any size flat panel TV. Phone support is available to help with your installation.

MTMA55

Lightweight, Sleek, and Extremely Functional.

Constructed out of high-grade aluminum, the MTMA series provides a mobile mounting solution that is highly durable and lightweight. Available in various models to accommodate a wide range of screen sizes, each mount is designed to help safely and effortlessly maneuver your flat screen TV. Complementing even the most high-end TVs, their sleek appearance and integrated cable management systems make them perfectly suited for any home, school or office environment. Every MTMA offers simple height adjustment and quick-release wheel locks, and comes packaged in a heavy-duty, compact box to allow for safe and easy transport.

FEATURES & SPECIFICATIONS

- Fits most flat panel TVs from 32" to 55"
- Supports TVs up to 80 lbs (36 kg)
- Accommodates VESA sizes from 100x100 to 600x400
- Height adjustable between 43" (1.1 m) and 59" (1.5 m)
- Integrated cable management system
- Lightweight but sturdy aluminum body
- Four wheel locks can be applied and released with your foot
- Assembly Manual and all TV mounting hardware is included
- Two Year Warranty
- Shipping box weight: 35.7 lbs (16.2 kg)
- Shipping box dimensions: 34.3" x 18.2" x 8.3" (87.1 x 46.2 x 21.1 cm)
- Product weight: 33.7 lbs (15.3 kg)
- UPC: 800152715148

FITS VESA SIZES TO 600X400

MTMA55 is designed to fit most flat panel TVs from 32" to 55", with VESA sizes ranging from 100x100 to 600x400

EASY HEIGHT ADJUSTMENT

Using the provided Allen key, easily adjust the center of your TV anywhere between 43" (1.1m) and 59" (1.5m) to find the perfect viewing height. This adjustment should be done with the TV removed.

UNIQUE CABLE MANAGEMENT

Built with a hollow tower, MTMA55 allows you to hide your cables for a clean and professional appearance. Grommets are also provided to keep your cables securely in place.

LOCKING WHEELS

MTMA55 features 3" rubber wheels that roll smoothly on both carpet and hard surfaces, and can be quickly locked into place by stepping on the locking mechanism.

SUPPORTS UP TO 80 LBS

Built from sturdy aluminum, MTMA55 can safely hold TVs up to 80 lbs (36 kg) without concern.

EVERYTHING YOU NEED

The MTMA55 comes packaged in a compact box with all the mounting bolts, washers and spacers you'll need to secure your TV in place.

PROJECTOR MOUNTS

P101

Easily mount your projector to your ceiling.

This universal projector mount is most commonly used in boardrooms and offices, but is also ideal for home theater applications.

It features a 360° ball swivel, tilt capability, and can be extended between 9" and 12" from the ceiling. Included is a full set of extension arm lengths and projector mounting hardware to ensure that your installation has all the tools it needs from the get-go. We don't provide the hardware to mount to your ceiling – there are just too many variables involved.

Available in classic matte black and gloss white finishes.

FEATURES & SPECIFICATIONS

- Fits most projectors and supports up to 22 lbs (10 kg)
- Measures 3" (7.6 cm) from the ceiling to the top of the projector and can extend 9" to 12" (23 to 30 cm) using supplied extension tubes
- Ball swivel allows for 360° rotation
- Solid steel construction with durable powder coated finish
- Spring lock allows easy attachment and removal of projector
- Tilt adjustment of ±20° for ease of leveling and for use on sloped ceilings
- Installation manual and hardware to attach your projector to the mount is included
- Hardware for attaching the ceiling mount plate is not included due to the many mounting and ceiling variables
- Two Year Warranty
- Shipping box weight: 4.6 lbs (2.1 kg)
- Shipping box dimensions: 11" x 7" x 3.5" (28 x 17.8 x 8.8 cm)
- Product weight: 4 lbs (1.8 kg)
- UPC: 800152712260 - P101 (Black)
- UPC: 800152712277 - P101W (White)

9" TO 12" EXTENSION

Without the extension tubes, the P101 sits 3" from your ceiling. With the extension tubes, you can extend the length 9" to 12".

POWDER-COATED FINISH

The P101 is powder-coated with a black textured finish, and the P101W is powder coated in a beautiful gloss white. Choose the mount that best suits your décor.

SIMPLE INSTALLATION

The ceiling plate is mounted first to your ceiling (hardware is not provided due to the number of different possibilities). The optional extension tubes may be added, and the projector adapter easily clicks into place.

20 DEGREES OF TILT

Once mounted, the projector adapter will allow 20° of tilt so you can aim your projector at your screen. The tension of the ball adapter can be adjusted if necessary. The P101 also swivels 360°.

FITS MOST PROJECTORS

The P101 is shipped with four mounting arms attached to the tilt head, and four longer mounting arms are included in the box. You should be able to reach the mounting holes on virtually all projectors and easily locate the center of gravity.

P301

Diagonal ceiling. Straight logic.

The P301 allows you to mount your projector to the ceiling, to the side of a beam or a slanted surface. It sounds complex, so thankfully Kanto has designed this mount for total ease of use.

It smartly features adjustable arms which allow you to accurately center the mount to the projector's center of gravity - essential for vertical hanging. Versatility lies at the heart of the design – with extension, pivot, tilt and swivel adjustments to set up your projector in almost any situation.

Almost any projector mounting configuration is now possible, thanks to the P301.

FEATURES & SPECIFICATIONS

- Fits most projectors and supports up to 22 lbs (10 kg)
- Mounts projector 15" (38.1 cm) to 18" (45.6 cm) from the ceiling
- Pivot adjustment of $\pm 90^\circ$ at the mounting plate ensures extension tubes hang vertically when mounted to sloped ceilings and beams
- Ball swivel allows for 360° rotation
- Integrated cable management system
- Solid steel construction with durable powder coated finish
- Spring lock allows easy attachment and removal of projector
- Installation manual and hardware to attach your projector to the mount is included
- Hardware for attaching the ceiling mount plate is not included due to the many mounting and ceiling variables
- Two Year Warranty
- Shipping box weight: 6.4 lbs (2.9 kg)
- Shipping box dimensions: 13" x 6.2" x 3.5" (33 x 15.8 x 9 cm)
- Product weight: 6 lbs (2.7 kg)
- UPC: 800152712567

15" TO 18" OF EXTENSION

Once installed to your desired surface – either your ceiling or a slanted wall – the P301 allows your projector to extend 15" to 18" downward.

FITS MOST PROJECTORS

The P301 is shipped with four mounting arms attached to the tilt head, and four longer mounting arms are included in the box. You should be able to reach the mounting holes on virtually all projectors and easily locate the center of gravity.

SIMPLE INSTALLATION

The P301 is designed with as much pre-assembly as possible to ensure that there are only a few steps to get it from the box to fully installed. With simplified manuals, an online installation video and phone support, we make it easy to get your projector mounted securely.

STURDY AND SECURE

Thick gauge steel construction makes the P301 as solid as a mount gets. Designed for strength and long-term security.

90 DEGREES OF TILT

With a 90° pivot point, the pole sits vertically whether mounted on sloped ceilings or even a vertical. Once mounted, the projector adapter will allow 20° of tilt so you can aim your projector at your screen. The tension of the ball adapter can be adjusted if necessary. The P301 also swivels 360°.

DESKTOP MOUNTS

DMG1000

The flexibility you deserve.

Give yourself flexibility with the DMG1000 series – the desktop monitor mounting solution for VESA-mountable monitors.

With tilt, swivel, height, reach and rotation adjustments, your monitor adjusts to you. The adjustable gas shock system supports monitors weighing between 7.7 and 18.7 pounds, for easy push-of-the-finger height adjustments that make your monitor feel like it's floating.

Reduce eyestrain, back strain, and neck stiffness by using the DMG1000 to adjust your display to suit you.

FEATURES & SPECIFICATIONS

- Fits most flat panel computer monitors and televisions from 17" to 27"
- Supports displays between 7.7 (3.5 kg) and 18.7 lbs (8.5 kg)
- Accommodates VESA sizes of 75x75 and 100x100
- Accessible tilt mechanism provides a $\pm 90^\circ$ tilt angle
- Swivels left and right 90° for maximum viewing angle
- Adjustable tension gas shock system provides 8.7" (22 cm) of fingertip height adjustment
- Arm provides up to 21" (53.6 cm) of reach
- 360° monitor rotation for vertical and horizontal screen orientation
- Integrated cable management system
- Installation Manual and all monitor mounting hardware for either desk edge or grommet hole installation is included
- Two Year Warranty
- Shipping box weight: 8.6 lbs (3.9 kg)
- Shipping box dimensions: 17.5" x 13.4" x 5.3" (44.5 x 34 x 13.5 cm)
- Product weight: 6.2 lbs (2.8 kg)
- UPC: 800152713342 - (Black)
- UPC: 800152713359 - DMG1000S (Silver)
- UPC: 800152713366 - DMG1000W (White)

VESA COMPATIBLE HEAD

The mount head attaches to your monitor and fits common VESA patterns of 75x75 and 100x100. With its simple design, it is easy to attach and maneuver your monitor to suit your needs.

ATTRACTIVE BASE

The solid base will hold monitors up to 18.7 pounds. Even as you swivel your monitor and apply pressure to the mount, it will remain securely fastened in place.

WEIGHT ADJUSTMENT

Designed for monitors weighing between 7.7 and 18.8 pounds, the DMG1000 uses a gas shock system to make your monitor feel like it's floating. Simply use the provided Allen key to adjust the mount's tension for optimal balance.

CABLE MANAGEMENT

Safely tuck your cables out of view using the built-in cable management system. Route your cables through the DMG1000 clips so they are securely in place as you swivel and tilt your monitor. Leave the cables slack around the pivot points so movement is smooth.

LOW-PROFILE DESIGN

With a low-profile design, push the DMG1000 back towards the wall to allow yourself more space on your desk. For an up-close view, extend the monitor toward you.

EVERYTHING YOU NEED

The DMG1000 comes with all the brackets, mounting bolts, washers and spacers you'll need to fit virtually any monitor and any desk. Phone support and an online video are available to help with your installation.

DESKTOP MOUNTS

DMG2000

Technology keeps expanding – keep pace with the DMG2000.

Spread your digital life across two monitors with the latest dual-display desktop monitor mount from Kanto.

Carefully designed to work with most VESA-mountable monitors, the DMG2000 provides tilt, swivel, height, reach and rotation adjustments so your monitors adjust to you. The gas shock system supports two monitors, each weighing between 7.7 and 18.7 pounds, for easy push-of-the-finger height adjustments.

Minimize eyestrain, back strain, and neck stiffness by letting the DMG2000 adjust your displays to fit you.

AVS1

Convenience. Organization. Simplicity.

The AVS1 is a wall-mounted shelving unit designed to maximize space and minimize clutter. It mounts easily to the wall and features a tempered-glass shelf that is just the right size to support your Blu-ray player, satellite receiver, gaming console, or cable TV box.

The black removable cover snaps overtop the built-in cable management system to hide all wires, giving you the minimalist look you desire.

- Product weight: 7.7 lbs (3.5 kg)
- UPC: 800152712376

SUPPORTS 30 POUNDS

The AVS1 supports several components with a total weight of up to 30 pounds. It's best mounted to wood studs or concrete, but can also mount to drywall with the supplied anchors.

SLEEK CABLE MANAGEMENT

The AVS1 includes two plastic clips with five separate raceways to hide your power and signal cables. You can route the cables to exit at the ends of the wall plate or on either side of the cover.

ADJUSTABLE SHELF

The AVS1 shelf can be mounted at 1" increments at virtually any point on the wall plate. Mount it low and use the cable management and cover to route your cables to your TV.

MODERN DESIGN

The floating shelf below your mounted TV allows you to keep components close at hand. To complete the design-focused aesthetic, the AVS1 provides a sleek tempered-glass shelf to store your digital devices.

CLEAN, FINISHED LOOK

With attractive plastic cover and end caps, plus the tempered glass shelf that seems to float in space, the installed unit looks clean and finished.

SIMPLE INSTALLATION

To install the AVS1, put two screws into the studs, concrete or drywall anchors and attach the wall plate. Place the shelf bracket at your desired height, add the glass shelf, route your wires and add the cover.

AVS2

A little added support for your toys.

The AVS2 is a wall-mounted shelving unit which offers two tempered-glass shelves for the storage and display of your devices. With a simple installation, adjustable heights, and a sleek cable management system, the AVS2 is the perfect addition to bring structure and organization to your home entertainment system.

Use an AVS2 to hold your Blu-ray player, satellite receiver, gaming console, cable TV box or other devices. The beauty of the design is that you can add as many AVS products as you need to keep everything together.

FEATURES & SPECIFICATIONS

- Supports up to 45 lbs (20 kg)
- Integrated cable management system
- Each shelf is 17" (43 cm) wide and 13" (33 cm) deep
- Space between shelves is adjustable from 9" to 21" (22 to 52 cm)
- Solid steel construction with durable powder coated finish
- 2 black tempered glass, vertically adjustable shelves
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 18.2 lbs (8.3 kg)
- Shipping box dimensions: 18.3" x 14.8" x 4.3" (46.5 x 37.5 x 11 cm)
- Product weight: 15.9 lbs (7.2 kg)
- UPC: 800152015606

SUPPORTS 45 POUNDS

The AVS2 supports several components with a total weight of up to 45 pounds. It's best mounted to wood studs or concrete, but can also mount to drywall with the supplied anchors.

INTERLOCKING WALL PLATES

The AVS2 has two separate interlocking wall plates that can be attached together to build a 34" bracket, or installed individually at two different locations. Add on to your AVS system with additional AVS units – they all interlock.

SLEEK CABLE MANAGEMENT

Each AVS series wall plate includes two plastic clips with five separate raceways to hide your power and signal cables. You can route the cables to exit at the ends of the wall plate or on either side of the cover.

CONCEALED CABLES

Once you've routed your cables, attach the plastic covers to conceal the inner workings. Safely tuck away your cables to give your home entertainment system a clean, modern look.

ELEGANT LOOK

For a sophisticated look, the AVS2 provides sleek tempered-glass shelves to hold your digital devices.

FLEXIBLE CONFIGURATIONS

Each AVS2 box includes two complete sets of hardware so that you can install them together for a 34" wall plate containing two shelves, or as two separate shelves.

AVS3

Support for your whole digital army.

The AVS3 features three tempered-glass shelves to hold all the devices that complete your home entertainment system.

Audio equipment. Satellite. Cable. Gaming Consoles. Blu-ray.

Keep it all together in a clean and sophisticated way. Designed to fit your specific needs, the modular AVS3 can be assembled several ways to create the ultimate shelving system.

Easy installation and clever attachable covers for cable management ensure that you get that modern look you thought was impossible, until now.

FEATURES & SPECIFICATIONS

- Supports up to 60 lbs (27 kg)
- Integrated cable management system
- Each shelf is 17" (43 cm) wide and 13" (33 cm) deep
- Space between shelves is adjustable from 9" to 21" (22 to 52 cm)
- Solid steel construction with durable powder coated finish
- 3 black tempered glass, vertically adjustable shelves
- Installation Manual and all mounting hardware for wood stud and concrete installation is included
- Two Year Warranty
- Shipping box weight: 25.7 lbs (11.7 kg)
- Shipping box dimensions: 18.3" x 15.7" x 5" (46.5 x 40 x 12.8 cm)
- Product weight: 22 lbs (10 kg)
- UPC: 800152712253

SUPPORTS 60 POUNDS

The AVS3 supports several components with a total weight of up to 60 pounds. It's best mounted to wood studs or concrete, but can also mount to drywall with the supplied anchors.

INTERLOCKING WALL PLATES

The AVS3 has three separate interlocking wall plates that can be attached together or installed separately. When combined, the wall plates interlock together giving you more range (vertical height adjustments) to place the AVS3 shelves that hold your digital devices.

SLEEK CABLE MANAGEMENT

The AVS3 includes two plastic clips with five separate raceways to hide your power and signal cables. You can route the cables to exit at the ends of the wall plate or on either side of the cover.

CONCEALED CABLES

Once you've routed your cables, attach the plastic covers to conceal the inner workings. Safely tuck away your cables to give your home entertainment system a clean, modern look.

ELEGANT LOOK

For a sophisticated look, the AVS3 provides sleek tempered-glass shelves to hold your digital devices.

FLEXIBLE CONFIGURATIONS

Each AVS3 box includes three complete sets of hardware so that you can install them together for a 50" wall plate containing three shelves, as three separate shelves, or as a single and double shelf.
