kanto Supporting your digital lifestyle www.kantoliving.com

Company

Kanto is an exciting lifestyle brand with a variety of products designed to support our customers' digital lifestyles. We manufacture audio visual mounting solutions, high-quality bookshelf and digital media systems, home entertainment furniture, and a variety of audio, video and computer cables and accessories.

HOW DID WE GET STARTED?

Kanto was founded in January of 2007. Many years of experience designing and manufacturing OEM products for large consumer electronics companies gave us the passion and understanding needed to create the Kanto brand. Today, that knowledge and passion, combined with our team of dedicated engineers, designers, brand managers, sales reps and support staff, is the driving force behind our success.

WHAT SETS US APART AS A MANUFACTURER?

Our approach to product development has always placed the highest priority on quality. We take pride in everything we design and spend the time to properly develop each product we release to the market. We now manufacture products in several categories, ensuring the best possible experience for our customers' audio and video needs. To complement our product lines, we develop instructional and marketing materials to help in the support and sales of our products. Our marketing team is dedicated to providing up-to-date product manuals, spec sheets, installation videos and technical drawings for commercial installs. These tools not only provide a visual reference to our end-consumers, but also provide our retail and distribution partners with the tools they need to effectively represent our products. We take a very active approach when it comes to establishing relationships with our customers and to ensuring their product needs are cared for.

WHAT MAKES OUR CUSTOMER SERVICE GREAT?

Where most companies only promise superior customer service, we deliver it. Our mission statement is:

"Create a product and customer experience that sets us apart as a consumer electronics manufacturer, one that reflects favourably upon the integrity and reputation of our retail and distribution partners."

Because of this, Kanto has much higher than normal standards when it comes to customer service and support. We stand by our products and are determined to ensure complete satisfaction throughout all our channels and end-users. There is always someone ready to answer your questions.

WHAT ABOUT OUR STAFF?

Each and every member of the Kanto team represents a consumer. None of us would be satisfied building and selling a product that we ourselves wouldn't enjoy in our own home. Every member of our organization plays a vital role in the development and success of our company. Kanto has a team of staff members with years of experience in customer service, sales, product development, engineering and marketing. Entrepreneurs at heart, every one of us is passionate about what we do, who we are, and where we're going.

AUDIO

Kanto sets the standard for clarity, quality, and style. Our premium speaker systems feature multiple input source options, built-in Bluetooth capability, and powerful subwoofers. With a focus on design and next-level integration, Kanto audio products offer users seamless compatibility across digital platforms. Building on the foundation of success of our earlier models, Kanto is committed to creating the sound of the

future.

POWERED DESKTOP SPEAKERS

Listen and Believe.

Proudly designed in Canada, the YU2 desktop mini-monitor will make you believe that big sound can come in a small package. With its built-in soundcard, it can stream high-quality audio directly from your computer's USB port, or connect directly to any 3.5mm AUX jack for maximum input flexibility. 3" composite drivers ensure a distortion-free bass and midrange, while the 3/4" silk dome tweeters effortlessly produce scintillating highs. A specially tuned bass-port on the rear extends the low end while keeping airflow away from your active workspace. If deep bass is your thing, simply connect a subwoofer to the SUB OUT port and revel in pure low-end bliss. Twelve different colours in matte or gloss finish let you personalize your space.

COMPOSITE DRIVERS

The 3" composite drivers provide distortionfree, mid-range and bass tones - surprising performance for such a small speaker.

INPUTS AND OUTPUTS

Use the AUX input with the included Kanto 3.5mm cable to connect any device with a headphone jack to your YU2. Lighten the load on your computer's CPU by connecting directly to YU2's built-in DAC via a USB cable for a fully digital, high-quality audio connection. If you want a little more kick, connect a powered subwoofer to the SUB OUT port.

REAR BASS PORT

YU2 has a rear bass port that has been carefully designed and tuned to eliminate port turbulence while extending bass response.

KNURLED BINDING POSTS

The speaker connection from left to right uses high quality knurled binding posts. This standardized wiring system allows you to trim the included premium speaker wire to the desired length or purchase longer lengths for more versatility.

ACCESSIBLE VOLUME KNOB Tucked neatly out of the way at the top of your active speaker, the smoothly rotating knob doubles as a power switch.

POWERED BOOKSHELF SPEAKERS

Be Surprised.

It is hard to believe all the power and connectivity we packed into the YU3. Bridging the gap between desktop and bookshelf speaker, YU3 makes no compromises with 30W per side of builtin Class D amplifier power. 4" Kevlar® drivers and 1" silk dome tweeters provide distortion-free sound fed by YU3's impressive input section. Featuring the same inputs as the larger YU5 - two optical (Toslink) inputs, integrated Bluetooth[™] 4.0 for wireless streaming, an RCA port and a 3.5mm AUX jack input - YU3 is ready for anything. Easily add a subwoofer to your system with the sub-out port, and ensure your mobile devices are always ready to go with the USB charging port.

POWERED BOOKSHELF SPEAKERS

kanto 😓 YUM

Passion Delivers Performance.

Style and substance meet in the YUMI powered bookshelf speaker. Kanto's flagship audio solution is proudly designed in Canada and features hand-built acoustic-wood cabinets packed to the brim with flexible input options, high-fidelity components, and serious sonic punch. A powerful Class A/B amplifier powers the 5" composite drivers, letting you crank the volume without worrying about distortion, while the 1" silk dome tweeters keep the highs tight and clear. Featuring two optical (Toslink) inputs, integrated Bluetooth[™] 4.0 with aptX technology for wireless streaming, plus analog RCA and 3.5mm AUX inputs, you will never have to worry about finding the right connection to your sound. With ten different colour options in matte or glossy finish, there's a YUMI that's right for everyone.

POWERED SPEAKER SYSTEM

Simplicity Redefinded.

Stepping up to quality home audio has never been simpler or easier thanks to the new SYD6 - simply plug into a power outlet and connect audio from your favorite source! No unsightly wires or complicated wireless setup required. Wonderfully balanced, integrated sound in a single cabinet, SYD6 can be positioned virtually anywhere you enjoy music. Separate internal compartments for the L/R channels ensure clear soundstage separation. 40W of RMS power are cleanly delivered by the built-in Class D amplifier, powering two 5.25" Kevlar® drivers and two 1" silk dome tweeters. With two optical Toslink inputs, integrated Bluetooth[™] 4.0 for wireless streaming, an RCA port and a 3.5mm AUX input, you will never have to worry about finding the right connection to your sound.

S2 stands come with foam padding on the top and bottom to help grip your speakers securely, protect their finish, and absorb speaker vibration.

REAR SUPPORT The foam lined rear supp

The foam lined rear support keeps your desktop speakers secure and in place.

SOLID ALUMINUM STRUCTURE

Made from aluminum, S2 stands are built to hold small desktop speakers like YU2.

TWO COLOUR CHOICES S2 stands are offered in powder-coated black or white to match or create contrast for your

or white to match or create contrast for your desktop speaker setup.

PERFECT FIT WITH YU2

S2 stands were designed with YU2 in mind, allowing you to get the most out of your desktop speakers.

SPEAKER STAND

SP26

Elevate your music.

Get the most out of your bookshelf speakers with SP26. At just over two feet tall, these low-profile stands elevate your speakers to ensure even the most subtle sounds reach your ears. Their solid steel structure provides ample stability, and significantly reduces unwanted vibrations caused by lower frequencies. Each stand has a hollow core to conceal unsightly speaker wires, and includes both flat and spiked feet to accommodate carpet and hardwood flooring.

TECHNICAL ILLUSTRATIONS

CABLE MANAGEMENT

The hollowed out support towers allow you to route your power cable and speaker wires in a clean and organized fashion.

TOP PLATE

The top plate is 7" x 4.5", designed to perfectly fit YUMI and YU5. Foam pads on the plate help keep your speakers in place, and provide additional insulation to reduce unwanted vibration.

PINPOINT ISOLATION FOOTING

SP26 comes with pinpoint isolation feet to keep your stands secure on carpet. Adjust the feet to your desired hieght based on the thickness of your carpet.

METAL/FOAM ANTI-SKID FEET

For hard surfaces, use the foam-lined, metal anti-skid feet to prevent scratching or damage to your wood or tile flooring.

PERFECT FIT WITH YUMI OR YU5

Designed with the YUMI and YU5 in mind, SP26 is the perfect addition to elevate and isolate your speakers from their surroundings.
